ARTIST TRADING CARDS (ATCs)

INSTRUCTOR: ELAINE WOODHOUSE

Artist Trading Cards (ATCs) are great to make and great to trade!! ATCs are miniature works of art made by students and traded between friends!! They are the same size as commercial trading cards and are stored in protective sleeves inside a binder. That, however, is where the similarity ends – because these cards are unique and are created by each individual. A variety of art materials and techniques will be available at “ATC Work Stations”. Students can choose their favorites, make their cards, and trade with other students (if you decide not to trade that is OK also!). Some favorites of the past have been melted wax painting, manga collage, and metal embossing. Kids will have a blast. Elaine is an art instructor, demonstrator, author, and television personality. She is well known nationally as a metal artist. Her teaching philosophy is based in her strong belief that creativity and confidence are fostered in a non-judgmental environment that supports, encourages and appreciates differences and diversity. “Never stay in the lines!”

Altering continues to be a rage in this industry that has limitless possibilities. Some of the possibilities that Maria has explored are altered chipboard, paper, and lots of other baselines that measure from small (business size) to large (4” x 6”). These creative endeavors will shape (no pun intended) what this club is all about and what is out there for possibilities. By becoming a committed member to this club, you will, without a doubt, have more fun than you can imagine and your knowledge base not only for collage but for many other mediums will increase as the club grows.. Meetings will be conducted each first Sunday of the month beginning at noon. If this type of club appeals to you, all the information is contained in Maria’s blog which can be accessed at: www.artscrapgirl.typepad.com/art_stamp_journal_n_scrap/. This club is expected to be a creative journey and as you will see from Maria’s blog, a measure of work will be required but the payoff is incredible. ARTIST TRADING CARDS (ATCs)

INSTRUCTOR/HOSTESS: MARGARET DESSELL

ATCs are miniature pieces of art compiled in a 2-1/2 x 3-1/2 inch format mimicking that of baseball cards. This art form is full of surprises and trading can get furious. If you are an active ATC trader, this club will undoubtedly be just perfect for you. Wondering what it is all about? Stop in just to see for yourself what the hoopla is all about. An informational sheet is available and can be picked up at Friends and Company or by providing a pre-addressed and pre-stamped envelope to have a copy mailed. Think of these trading cards as miniature canvases where nothing can hold back your creative spirit. Lots of fun and camaraderie can be expected.
